## Metra Touch Display

The Metra Touch Display offers the greatest amount of flexibility and customization. Present your RFID media or 4-digit PIN, depending on your system configuration, and either self-assign a specific locker or system will auto-assign a locker for temporary use. Or the system can be configured for permanent-use and when the RFID media is presented or 4-digit PIN your assigned locker will open.

## Credentials Supported:

ISO, LE, Multi & Metra Reader, with Genuine HID Technology™ supports following RFID standards: Indala, iCLASS®, iCLASS Seos®, ProxCard® II, ISOProx® II, DuoProx® II, Smart ISOProx II™, Smart DuoProx® II, iCLASS® Prox, MIFARE® / Prox, ProxCard® Plus, ProxKey® III, MicroProx® Tag, ProxPass® II — **99.99% of RFID cards in the global market**

## Other Credentials To Access Locker:

**With HID™ Keys Available for Smart Phone & Wearable:**
HID Mobile Access App™ via Bluetooth or NFC

## Metra Touch Display

## Use Cases:

### Mixed-Mode:
Allow for temporary-use, permanent-use, and even delivery lockers in the same bank of lockers or separate banks of lockers
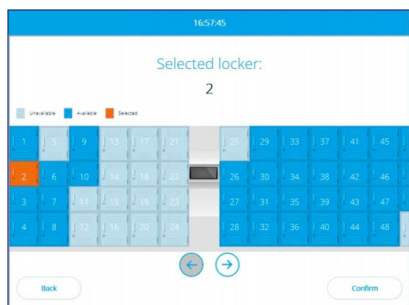

### Visitors:
Easily handle visitors and contractors for temporary use with full audit tracking and controlled access

### Team Use:
Allow for multiple people to have access to the same locker for team projects, etc.

## Custom Design
Customize the screen of your touch display. Leverage this function to promote your company brand and use it as a wayfinding feature — making it even easier for people to choose their locker.

## Software Highlights

- Create 'social distancing' within the locker bank so that only certain lockers can be accessed
- Schedule cleaning and provide access to cleaning crews with full audit capabilities
- Reporting functionality for full audit of usage
- Know which lockers were used and need cleaning (or ones not used since last cleaning)
- Make some lockers permanently assigned and others unassigned in the same bank
- Open all locker doors with a touch of a button
- Track visitor, contractors and temp usage
- And more...

## Multi-Factor Authentication Options (if required)

Keypad / 4-Digit PIN
Fingerprint Reader
Barcode

Swipe Card Reader
Other Biometric Readers
